c o m e

to meet the experts

Industry leading software solutions for:

- **RETICLE MANAGEMENT SOFTWARE**
tracking of the entire reticle life cycle, just in time delivery, fully integrated solution.
- **RETICLE INSPECTION SOFTWARE**
ahead of time inspection, contamination backtracking, advanced inspection analysis.
- **GO/NO-GO BOX**
automatic recognition of scratches and/or torn pellicles prior to exposure.

Our co-exhibitor Dr. Schenk will present its particle detection system for reticles.
